To Whom It May Concern

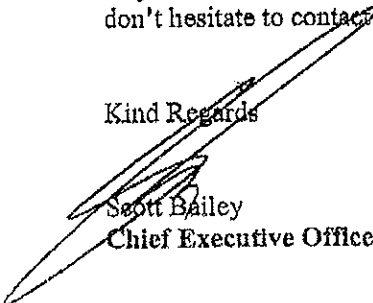

This letter is to certify that DJ Staniforths Electrical Services are the sole electrical contractor to Lidcombe R & SL and Community Club. They have held this contract for over 20 years. Paul Bonocorso and his team have always proved themselves to be reliable, prompt, courteous and efficient.

DJ Staniforths have carried out all electrical work at Lidcombe R & SL and Community Club including regular repair and maintenance works and major capital works. This has included all electrical work carried out during the construction of our second storey and the major upgrades carried out to the entire Club through our most recent refurbishment.

They have also proved themselves to be excellent contractors and have responded well to emergency situations in a most timely and expeditious manner. Recently we had call to use their services when an air conditioning leak caused our main switchboard to burn out, completely destroying all circuit breakers and blacking out the main trading area of the Club. This occurred early on a Sunday night and within 30 minutes of placing the service call we had a technician here assessing the situation and within two hours they had sent a team to replace and rewire the switch board. The Club fully operational within six hours of DJ Staniforths commencing work.

I have no hesitation in recommending the company of DJ Staniforths for any contract for which they feel themselves suitable. Paul and his team have always proved themselves to be totally professional in their work and know they would be an asset to any company they contract to. Should you require any further information about DJ Staniforths please don't hesitate to contact me at the Club on (02) 9649 7622.

Kind Regards

Scott Bailey
Chief Executive Officer
